# COMPETITIVENESS AND INVESTMENT PROMOTION

## Website for research and selection of the best settlement in Piedmont

### [The project]

**It's a regional catalogue** for data collection about greenfield and brownfield areas.

### [What we do]

Confindustria Piemonte provides to all its Associations and potential investors\* new activities for:

**[01] Research and selection** of the most suitable areas from our database – 560 areas including greenfield and brownfield – located in Piedmont

**[02] Activation of our network, together with local Association, to support the investment**

**[03] Assessment of each area and industrial context analysis**

**[04] Supply of a framework document and provision of data for loading on Quantum GIS**

### Some analysis

- Accessibility and logistical services
- Ultra-Broadband
- Net of the suppliers and companies along the chain
- Urban planning restrictions
- Training and cultural centres
